WORK EXPERIENCE

IT College Instructor | Don Honorio Ventura State University | 2023-2025

- Instructed university students in programming subjects, fundamentals of computer systems, and multimedia arts, fostering a comprehensive understanding of theoretical concepts and practical applications.
- Cultivated an interdisciplinary learning environment, blending instructional activities with mentorship and research to enhance student engagement and critical thinking.
- Developed and delivered engaging curriculum content, ensuring students gained robust technical skills and industry relevance.

Freelance Web and Mobile Developer | Remote | 2022-Present

- Designed, developed, and deployed custom web and mobile applications for various clients, leveraging expertise in front-end and back-end technologies.
- Collaborated directly with clients to define project scopes, gather requirements, and deliver tailored solutions that met specific business needs.
- Managed full project lifecycles from conceptualization to deployment, ensuring timely delivery and high-quality results.

Software Developer | Wing An Marketing Inc. | 2022-2023

- Managed and maintained existing computer systems, optimizing performance and ensuring operational efficiency.

- Developed bespoke desktop and mobile applications for diverse clients, transforming complex requirements into user-friendly and effective software solutions.
- Collaborated extensively with clients to gather requirements, provide technical consultations, and ensure developed solutions aligned precisely with their business needs and expectations.
- Contributed significantly to client satisfaction and company reputation through the successful delivery of high-quality software.

Senior Graphic Designer | Classic Club Philippines | 2019-2023

- Led a creative team in the conceptualization and execution of visually stunning graphic assets, including t-shirt designs, logos, and captivating social media posts.
- Directed the impeccable styling of product photos, enhancing brand aesthetics and consistency across various marketing platforms.
- Ensured a cohesive and engaging brand presence by integrating design principles and team efforts across diverse visual content.

Computer Technician | TechPro | 2018-2019

- Diagnosed and resolved a wide array of software and hardware issues for computers and various electronic gadgets.
- Implemented efficient solutions to restore optimal functionality, significantly improving device performance.
- Maintained high levels of customer satisfaction by providing prompt, effective, and reliable technical support.
